

JEAN-BAPTISTE BELLYNCK

UNDERGRADUATE STUDENT

j.bellynck@campus.lmu.de
<https://jeanbellynck.github.io/>

EDUCATION	Ludwig-Maximilians University Munich <i>Mathematics and Computer Science Teacher Program</i> • Thesis Advisor: Prof. Sebastian Hensel • Subject: Word problem of groups Osaka University <i>Research year as an exchange student</i> • Advisor: Prof. Eiko Kin • Subject: Train track splitting sequences of pseudo-Anosov homeos	Munich, Germany 2019 - 2025 (<i>expected</i>) Osaka, Japan 2023 - 2024
PREPRINTS	1. Jean-Baptiste Bellynck, Eiko Kin. Agol cycles of pseudo-Anosov maps on the 2-punctured torus and 5-punctured sphere. Arxiv Link, 2024.	
PROJECTS	Graphicayley Webapp <i>Browser app that draws Cayley graphs from a given presentation. Try it out!</i> 2023 - today Personal Wiki <i>Personal database containing around 2000 lecture and conference notes. Look inside!</i> 2021 - today	
SKILLS	Languages: German (Fluent), English (Fluent), Japanese (Fluent), French (B1), Polish (B1). Teaching: I did several internships at high schools and tutorials for university students Programming: Python, C++, Java, MATLAB.	
REFERENCES	Contact the following people if you need a reference (Gutachten). Prof. Dr. Sebastian Hensel (hensel@math.lmu.de): If you need a general report or if you're interested in my academic development. Prof Dr. Eiko Kin (kin.eiko.celas@osaka-u.ac.jp): If you're interested in how I collaborate with mentors on a common paper. Dr. Ralf Gerkmann (gerkmann@math.lmu.de): If you're interested in how I teach students. Prof. Dr. Jonathan Bowden (bowden@math.lmu.de): If you're interested in how I present and prepare for seminars.	
SKILLS	Languages: German (Fluent), English (Fluent), Japanese (Fluent), French (B1), Polish (B1). Teaching: I did several internships at high schools and tutorials for university students Programming: Python, C++, Java, MATLAB.	

ATTENDED CONFERENCES	Integral structures in geometry and representation theory <i>Paderborn University, Germany. Homepage</i>	Sep, 2024
	Intelligence of Low-dimensional Topology <i>Kyoto University, Japan. Homepage</i>	May, 2024
	MSJ Spring Meeting <i>Osaka Metropolitan University, Japan. Homepage</i>	Mar, 2024
	The 19th East Asian Conference on Geometric Topology <i>Kyoto University, Japan. Homepage. The slides of my talk.</i>	Feb, 2024
	Magnitude <i>Osaka University, Japan. Homepage</i>	Dec, 2023
	4-dimensional topology <i>Osaka University, Japan. Homepage</i>	Nov, 2023
	Topology and Computers <i>Keio University, Japan. Homepage</i>	Oct, 2023
